

Dear Parents of the Sophomore Class,

I am Scott Miller and I am your child's high school Jostens representative. At Jostens, we celebrate moments that matter and help students represent who they are and what they stand for. You may know us for our Class Rings. As leaders in the industry, we offer an innovative and broad set of custom-products for your child to commemorate and celebrate these important years of their life.

Your child will be bringing home a packet of information about our custom-products. Because they may be excited to share with you, I'd like to invite you to review an abbreviated version of what I will share with your child. To view, click on the link below. Then, click enter and then the class jewelry button on the top of the next screen. Enjoy! And congratulations on taking this journey with your child and guiding your child as he/she navigates through the high school years!
